“Celebrating a Milestone” M.O.R.G.A.N Project fundraiser

A cocktail party and silent auction to benefit the M.O.R.G.A.N Project's quality-of-life support programs for chronically ill children with lifetime special needs took place Oct. 18 at Lexus of Melbourne. The project was founded by Kristen Malfara, who was told her son Morgan, suffering from a rare brain disorder, wouldn't live to see his fourth birthday. The event coincided with Morgan's 11th birthday.
